

25 ISPAC

25th International Symposium on Polymer Analysis and Characterization
June 11-13, 2012 Rolduc Abbey, The Netherlands

Call for Papers

ISPAC 2012 - International Symposium on Polymer Analysis and Characterization

ISPAC invites submissions **for oral and poster contributions** to be presented at ISPAC 2012 in Rolduc Abbey, in the Netherlands, to be held between June 11-13, 2012.

ISPAC symposia offer a great opportunity to share your research in polymer analysis and characterization with scientists active in this field, as well as with industrial colleagues. A short course, invited lectures and an equipment exhibit are part of the conference program.

For further information please visit the conference website at: <http://www.ispac-conferences.org/>

The topics include:

- ✓ Recent trends in solution characterization of polymers
- ✓ Polymers and energy: The characterization challenge
- ✓ Polymers in biomedical applications
- ✓ Polymer composites
- ✓ Micro- and nanotechnology with polymers

Deadlines:

Abstract submission: March 15, 2012 **Deadline extended, March 23, Friday, 24:00 CET**

Advance registration: April 15, 2012

Papers will be selected on the merit of their abstracts as determined by a scientific committee.

Submit your abstract at: <http://ispac-conferences.org/abstract-submission.aspx>

Please consider forwarding this message to your colleagues, who might be interested in this event. See you in Rolduc!

G. Julius Vancso
